How is Queen Elizabeth II Stuart The Queen Of Britian, how is she a descendant of King David, The King Of Judah? Through which family line is Queen Elizabeth a descendant of King David? Is it through the Stewart family line or through another family line?

Any information about this, I will appreciate it.

Hi,

Elizabeth II of the House of Windsor (Saxe-Coburg-Gotha) is descended from the House of Judah through numerous lines. One of her main lines is from the High Kings of Ireland.

The Scots Royal male line descends from Ugaine Mar the Great, he in turn, descends from EOCHAID I of Ireland who was married to Tamar c. 586 B.C. a daughter of King Zedekiah of Judah.

She also has descent through the

Welsh Royal Houses from Anna, daughter of ST. JAMES (brother of Jesus) and from CHARLEMAGNE (a descendant through male line from House of Judah) and of the Hereditary Stewards of Dol (male descendants of House of Judah)

The House of Stewart descends from Walter Fitz Alan 1st High Steward of Scotland. He descends through the male line to King Alpin of Scots through Banquo and thus the Stewarts are of that same male line. The royal Stuarts are descended from Scots royalty also through Robert the Bruce.
